Country			
		Date and Signature (Sender)	

Samples

1. Please fill in the grey fields below (species and ID of the birds) and leave the white fields blank for lab use.
2. Pluck off 2-3 feathers (e.g. from the chest) of each bird and put them into clean plastic or paper bags. Don't cool or freeze the feathers! Keep them at room temperature.
3. Write down species and ID on every sample bag (according to the list below).
4. Put the samples and this completed form into one envelope and send it to:

MVZ für Pathologie und Zytologie Bielefeld
Voltmannstr. 279a
D-33613 Bielefeld
Germany

Species of bird	ID (chip or ring)	Test	Result
